

The image shows the front of a white Dodge Durango SRT. The car is positioned in the center, with its headlights and grille visible. A large, semi-transparent graphic consisting of two parallel diagonal lines, one light gray and one dark gray, runs from the bottom left to the top right across the center of the car. The text "2019 DODGE DURANGO" is overlaid on this graphic. The "2019" is in a large, bold, orange font, while "DODGE DURANGO" is in a smaller, bold, orange font. The background is a blurred outdoor setting with trees and a light sky.

**2019** DODGE DURANGO

## 2019 DODGE DURANGO

The SUV market is more crowded than a highway on a long holiday weekend. So, how do you stand out in a sea of sameness? First, veer off the beaten path and leave the pack behind. Second, while the others concentrate on simply being utilitarian vehicles, hone in on being a *sport* utility vehicle. Don't focus on the number of cup holders, but focus on the number of horses under the hood. In other words, build a Dodge. Because compared to other SUVs, only Durango goes all in with its available HEMI® V8 engine, All-Wheel Drive (AWD), Sport suspension, and an incredible amount of horsepower and torque capable of pulling an equally incredible towing rating. For good measure, Durango offers plenty of technology to keep you entertained and connected.

For more than 100 years, the Dodge Brand has stood for standing out. We've led by being different. By offering the unexpected, by having a different voice altogether and daring to amplify it. We've stood apart in a sea of look-alike vehicles by championing the un-boring; by having the courage to be different enough to build modern-day marvels that are engineered with more passion, precision and performance than ever before. Each vehicle in the 2019 Dodge lineup pays homage to its iconic bloodline with award-winning features and detailed craftsmanship. The snarling engines and sleek exteriors of each vehicle beg to be taken out on the open road. It's time to put the pedal to the metal. **THIS IS WHAT IT MEANS TO BE DOMESTIC AND NOT DOMESTICATED.**

*DOMESTIC. NOT DOMESTICATED.*  
**DODGE**

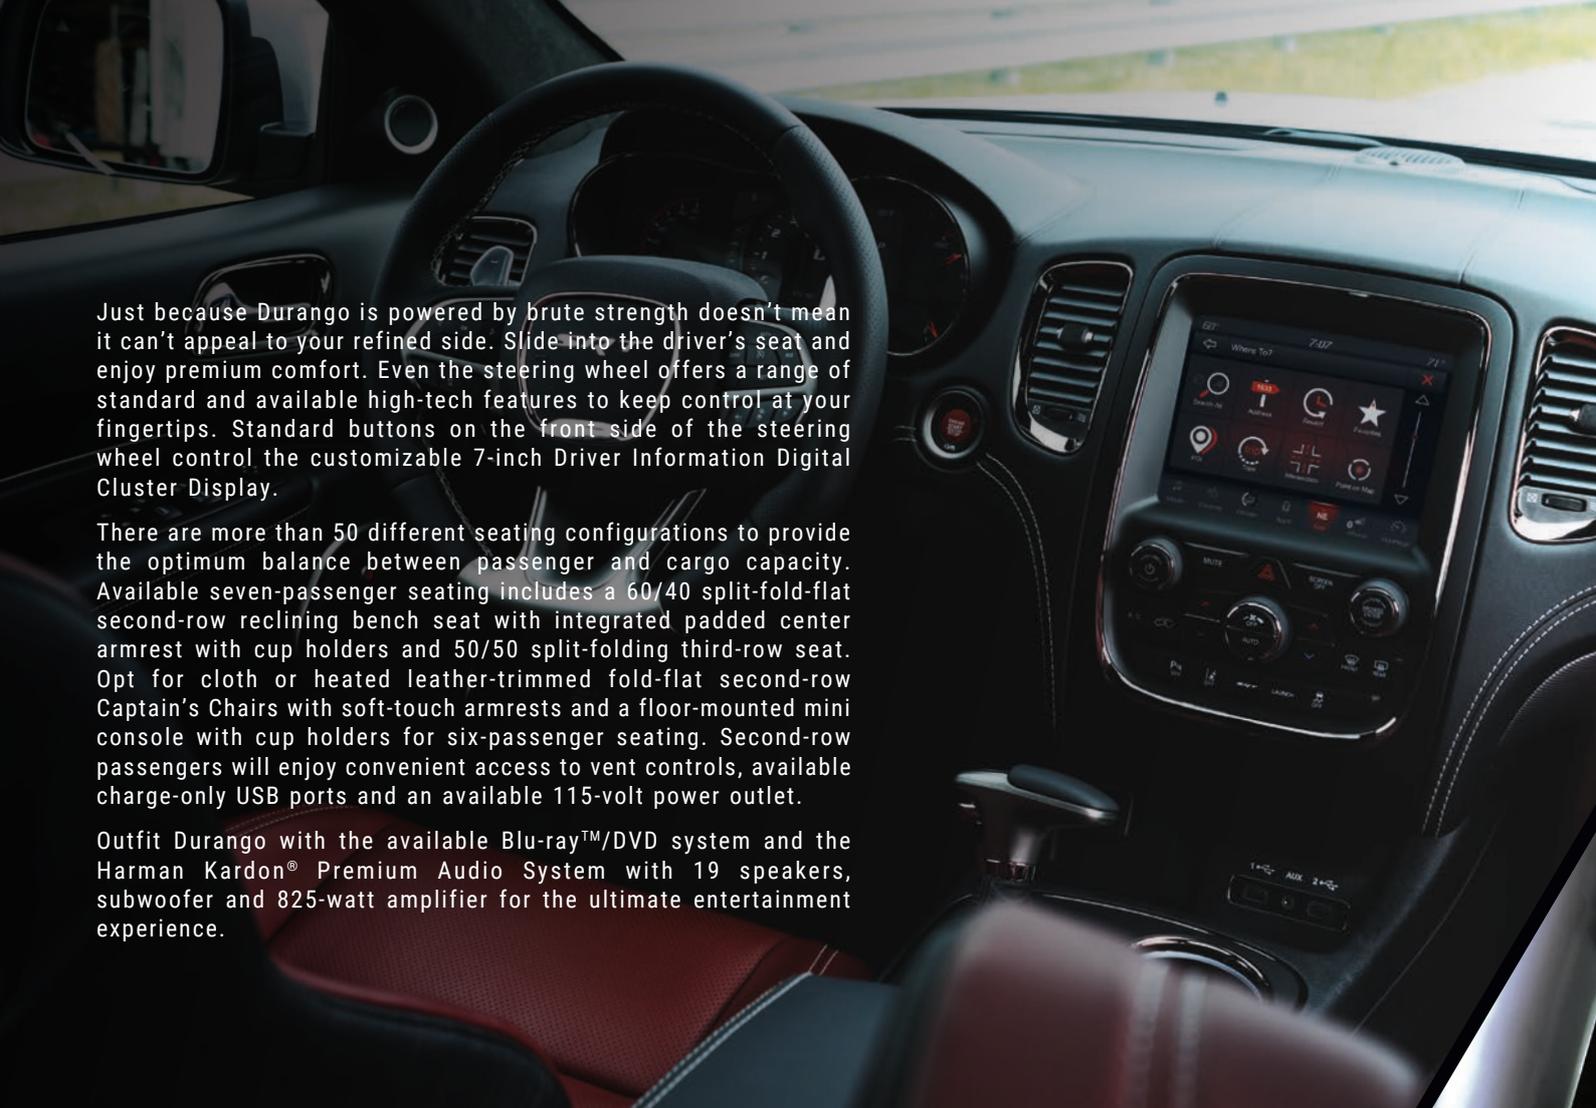

# THE ONLY SUV THAT EARNED ITS STRIPES ON THE STRIP

**DURANGO SRT®** /// Take everything great about Durango and merge it with everything extreme about SRT and you get one badass people-mover. Durango SRT harnesses the power of a 392 HEMI® V8 engine to deliver a staggering 475 horsepower and 470 lb-ft of torque, plus a wicked-fast time on the drag strip: 0 – 60 mph in 4.4 seconds and a National Hot Rod Association (NHRA)-certified quarter-mile cover in 12.9 seconds. Add in an 8-speed performance-tuned transmission, sport-tuned All-Wheel Drive (AWD), high-flow dual exhaust with four-inch outlets, beefy 295 tires on 20- by 10-inch wheels and massive Brembo® brakes and it's basically having a three-row Charger.

EXCEPTIONAL TOWING  
**3'500 KG**

**ALL-WHEEL DRIVE (AWD)** /// Durango was designed for uncompromising and refined performance even in the worst conditions. Forge on with available AWD. The system helps enhance driver confidence by leveraging the SUV's 50/50 weight distribution. Durango offers three AWD systems – a performance-tuned system for the 6.4L HEMI® V8 engine, a two-speed, active on-demand system for the 5.7L HEMI V8 engine. Each one greatly enhances the vehicle's traction and handling by delivering a smooth driving experience over a wide range of road conditions.

Just because Durango is powered by brute strength doesn't mean it can't appeal to your refined side. Slide into the driver's seat and enjoy premium comfort. Even the steering wheel offers a range of standard and available high-tech features to keep control at your fingertips. Standard buttons on the front side of the steering wheel control the customizable 7-inch Driver Information Digital Cluster Display.

There are more than 50 different seating configurations to provide the optimum balance between passenger and cargo capacity. Available seven-passenger seating includes a 60/40 split-fold-flat second-row reclining bench seat with integrated padded center armrest with cup holders and 50/50 split-folding third-row seat. Opt for cloth or heated leather-trimmed fold-flat second-row Captain's Chairs with soft-touch armrests and a floor-mounted mini console with cup holders for six-passenger seating. Second-row passengers will enjoy convenient access to vent controls, available charge-only USB ports and an available 115-volt power outlet.

Outfit Durango with the available Blu-ray™/DVD system and the Harman Kardon® Premium Audio System with 19 speakers, subwoofer and 825-watt amplifier for the ultimate entertainment experience.

**HERE'S WHAT YOU CAN DO.** REMAIN FOCUSED ON THE ROAD WITH YOUR HANDS ON THE WHEEL, WHILE YOU COMMUNICATE, NAVIGATE<sup>[1]</sup> AND STAY ENTERTAINED.

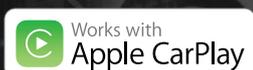

// **LISTEN** to music, talk shows and sports. Access all genres, favorite artists, winning teams – all the time // **DISCOVER** new places, find the best shopping, dancing, entertainment venues and restaurants // **SPEAK UP** and be heard and send and receive calls and texts<sup>[2]</sup> while driving safely with hands-free phone capability<sup>[8]</sup> // **NAVIGATE**<sup>[1]</sup> to every adventure and get turn-by-turn directions so you don't get lost on the way (unless you want to) // **START**<sup>[9]</sup> your car from afar, or lock your doors from almost anywhere using your smartphone – thanks to Uconnect® services

### APPLE CARPLAY®<sup>[4]</sup> COMPATIBILITY

This is smarter iPhone® integration, so you'll experience your favorite features through your dashboard. With Siri<sup>[5]</sup> all you have to do is ask – catch up on calls and messages, get directions from Apple Maps, or request a song through Apple Music. The system lets you browse music or discover nearby gas stations, parking, restaurants and more. Plus, Maps help predict where you're headed.

### ANDROID AUTO®<sup>[6]</sup> INTEGRATION

For those who know and love Android,<sup>™</sup> Google<sup>™</sup> goes with you with navigation<sup>[1]</sup> and "OK Google" voice detection, and you'll hear your favorite Google Play music and get voice-guided navigation<sup>[1]</sup> from Google Maps. Stay focused and productive while on the road with voice controls<sup>[8]</sup> that allow you to make calendar appointments, set timers, reply to emails and messages – and more.

\*Additional charges may apply. Apple CarPlay<sup>[4]</sup> screen shown.

Uconnect®

## SAFETY & SECURITY FEATURES

**PARKSENSE® REAR PARK ASSIST<sup>[10]</sup> ////** When your vehicle is in Reverse, this available system can sense nearby objects moving at low speeds; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring your vehicle to a stop.

**RAIN BRAKE SUPPORT ////** When your windshield wipers have been activated, this standard system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security.

**BLIND SPOT MONITORING (BSM)<sup>[11]</sup> WITH REAR CROSS-PATH DETECTION<sup>[10]</sup> ////** With this available system, radar continually monitors rear vehicle blind zones and will visually and audibly alert you when a vehicle is sensed in any of the zones. When your vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle.

**ADAPTIVE CRUISE CONTROL (ACC)<sup>[12]</sup> WITH STOP ////** This available system helps maintain driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention.

**FORWARD COLLISION WARNING (FCW)<sup>[13]</sup> WITH ACTIVE BRAKING ////** With this available system, the forward-facing radar sensors detect when your vehicle may be approaching another object too rapidly, and the system alerts the driver with both an audible chime and a visual warning.

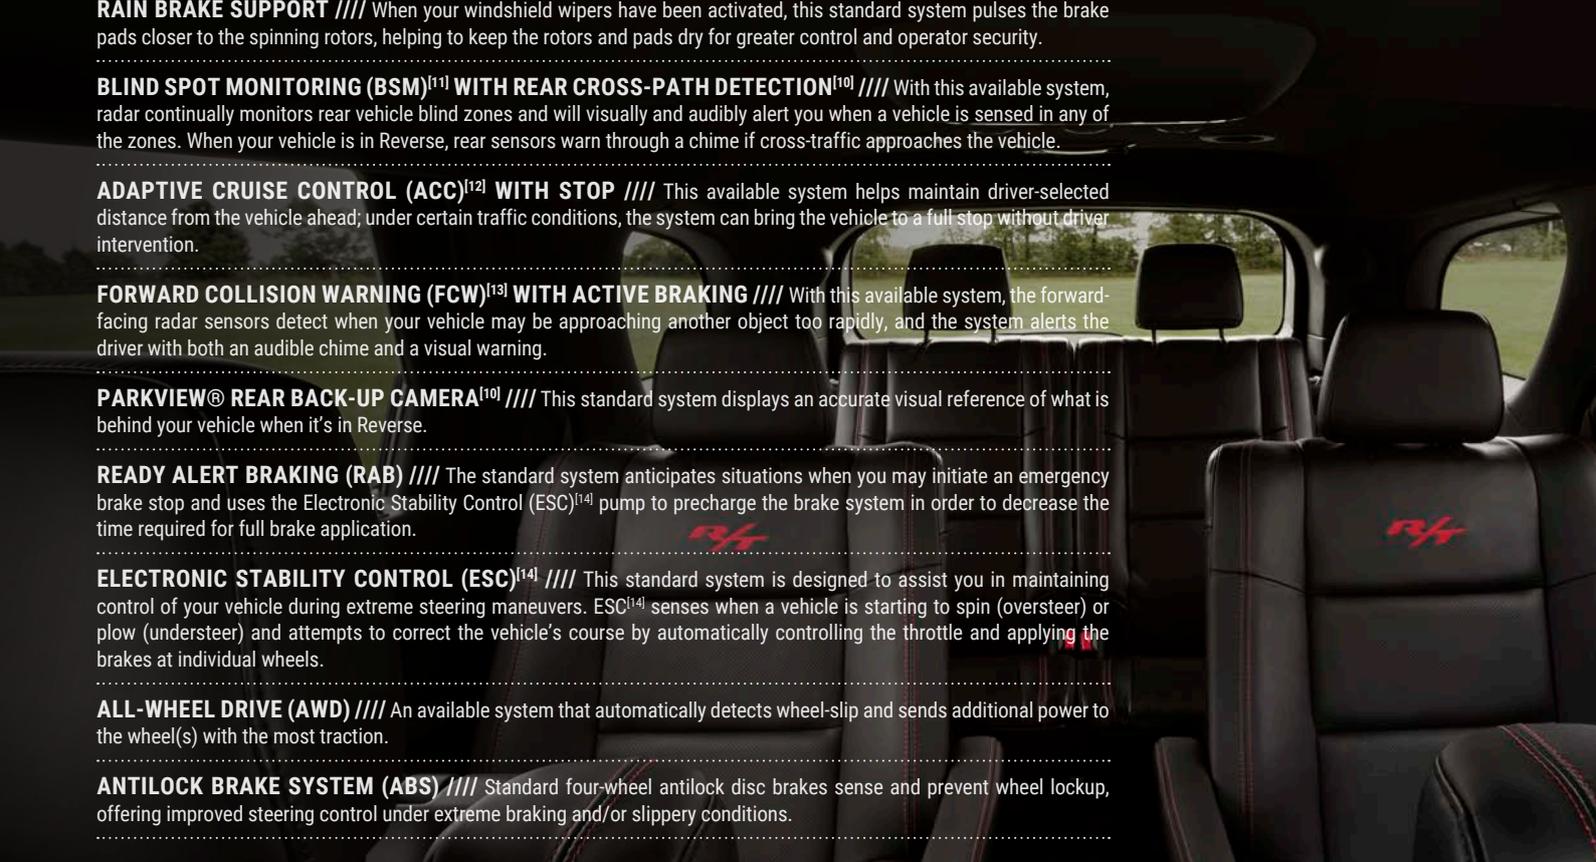

**PARKVIEW® REAR BACK-UP CAMERA<sup>[10]</sup> ////** This standard system displays an accurate visual reference of what is behind your vehicle when it's in Reverse.

**READY ALERT BRAKING (RAB) ////** The standard system anticipates situations when you may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)<sup>[14]</sup> pump to precharge the brake system in order to decrease the time required for full brake application.

**ELECTRONIC STABILITY CONTROL (ESC)<sup>[14]</sup> ////** This standard system is designed to assist you in maintaining control of your vehicle during extreme steering maneuvers. ESC<sup>[14]</sup> senses when a vehicle is starting to spin (oversteer) or plow (understeer) and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels.

**ALL-WHEEL DRIVE (AWD) ////** An available system that automatically detects wheel-slip and sends additional power to the wheel(s) with the most traction.

**ANTILOCK BRAKE SYSTEM (ABS) ////** Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions.

## DURANGO INTERIOR / CHOICES

- 1 /// Capri leather trim with perforated suede inserts in Black – standard on R/T

---

- 2 /// Nappa leather trim with Nappa Axis II perforated inserts with Tungsten accent stitching in Black (also available in Radar Red) – optional on R/T
