SPORT-EXHAUST SYSTEM G-TECH

The exhaust system is handcrafted by G Tech from V2A stainless steel. The typical bass sound of the V8 was taken into account. The tailpipes are also made of V2A stainless steel satined with a diameter of 114mm round. The system is replaced from the middle silencer. Entry with TÜV test report.

LEER HARD TOP XR

More style and standard options than a conventional hardtop. In addition to its traditional 50/50 side sliding windows, there is a curved all-glass rear door with a centrally mounted LEER twist lock, a remote control for opening and locking, integrated headliner and a removable front sliding window to the cab.

LEER HARD TOP XR WITHOUT COLOUR

LEER 100XL offers even more functionality and flair than our 100XR. The recessed SUV-style side window with pivoting ventilation slots and covers protects the valuable cargo from wind and weather, improves the aerodynamics of your vehicle and gives it a classy finish look. This model also includes a remote control, integrated headliner and a removable front sliding window to the cab.

Experience over-the-top versatility with HF350M - LEER’s total access hard folding truck cover. Made with stronger panels, easier to install rails, and no-drill, superior water management, LEER’s HF350M hard folding tonneau cover is perfect for any job and lets you live in the moment, no matter how your truck is used.

- Low profile, textured matte black panels
- Easy on, easy off, no-drill installation
- Panels can be held in a stowed upright position during travel • Superior water management; no drain tubes required
- Exclusive CYNC® latching system for one hand operation from either side of the vehicle - Avoid flimsy pull cables, cover can be latched with the tailgate closed (competitors can’t)
- Auxiliary safety buckles standard - No more blowoffs

COLOURS: BRILLIANT BLACK, BRIGHT WHITE, GRANITE CRYSTAL
EASY NO-DRILL INSTALLATION
TWIST HANDLE LOCK WITH WEATHER COVER

Seamless integration into the design of the vehicle. The tailor made fiberglass tonneau ensures an excellent fit and appearance. Thanks to the LEER superlift system, the tonneau can be opened and closed effortlessly with the LEER twist handle. Includes remote control and integrated headliner.

CARRIES UP TO 100 LBS / 45 KG!
DECKED revolutionizes the storage and organization of loading areas with this innovative, weatherproof and ergonomic solution for your RAM. The DECKED system features two full-length secure drawers that slide effortlessly under a 2000 lbs / 900 kg load-bearing working deck. It's made out of durable high-density polyethylene (HDPE) and American steel, giving owners ergonomic access to tools and equipment while making full use of their RAM load bed. The bearing is individually adjustable and the system can be easily mounted and dismantled on the loading area after assembly without drilling.

DECKED DR6 / 5.7’ BED W/O RAMBOX / 2019

LEER SR250 / 5.7’ W/O RAMBOX

The SR250 is the economical, easy-to-use roll-up soft cover protects your cargo. LEER’s patented CYNC™ latching system allows for quick, easy opening of the tonneau from either side of the truck. Commercial-grade, reinforced triple-ply vinyl delivers superior durability and extended life. Installation requires no drilling, and a simple-to-use, no-tools-needed tension adjuster keeps the tonneau tight across the bed.

Exclusive CYNC Latching System allows opening from either side
Built in bag holder
Double-coated, reinforced triple-ply vinyl
Easy no drill installation (tools included)
Storage straps and buckles secure cover in open position
Beveled edges for excellent water management
